Education

POLYTECHNIC UNIVERSITY OF THE PHILIPPINES – STA. MESA CAMPUS

BS in Computer Engineering, GPA: 1.39

Relevant Coursework: Programming Logic and Design, Object Oriented Programming,
Computer Hardware Fundamentals, Engineering Data Analysis,
Data Structures and Algorithms, Operating Systems

Manila, PH
2024–Present

ARELLANO UNIVERSITY – JUAN SUMULONG CAMPUS

Senior High School, Grade: 98%

General Academic Strand

Relevant Coursework: Empowerment Technology

Manila, PH
2022–2024

DON ALEJANDRO ROCES SR. SCIENCE-TECHNOLOGY HIGH SCHOOL

Junior High School, Grade: 96%

Relevant Coursework: Specialization in Computer System Servicing

Quezon City, PH
2018–2022

Leadership and Organizational Experience

Member, AWS Cloud Club – PUP

- Participated in webinars on AI, Web Development, Cybersecurity, Git & GitHub.
- DataCamp Scholar under AWS Cloud Club.

Manila, PH
2025–Present

Member, Cisco NetConnect PUP Manila

AI & Data Science Department

- Participated in webinars on AI, Networking.

Manila, PH
2025–Present

Member, Google Developer Groups on Campus PUP

Web Development Department

- Participated in webinars on AI, Web Development, UI/UX design.
- Engaged in discussions and learning activities related to UI/UX with UXPH and PUP Tech Organizations.

Manila, PH
Present

Member, AWSUG e:Novators PH

Start-Up Development Office

- Participated in member onboarding sessions featuring presentations from partner companies and sponsors, and attended briefings on organizational goals, projects, and upcoming initiatives.

Manila, PH
Present

General Academic Strand Club

Business Manager

- Managed and monitored financial records, including event expenses and club members' contributions.

Manila, PH
2022–2023

Vice President

- Led and coordinated school/strand-wide events and initiatives.
- Supervised committees and ensured smooth execution of activities.
- Represented the strand in organizational matters and collaborations.

2023–2024

Technical Projects

Structura: DSA Simulator | Python | Group Project

- Developed a desktop-based simulator that visualizes fundamental Data Structures and Algorithms concepts.
- Implemented Object-Oriented Programming principles to organize program architecture and improve maintainability.
- Designed an interactive graphical interface using Tkinter to enhance student learning and engagement.

Task Manager App | Python | Personal Project

- Developed a basic task manager application allowing users to add, update, and delete tasks through a graphical user interface.
- It demonstrates basic and foundational skills in GUI development and file handling.
- It was developed with the use of Python language, Tkinter for GUI, and in OOP style.

Quizmate: Terminal-Based Quiz Creator with File Handling | Python | Personal Project

- Developed a terminal-based quiz management system where users can create, edit, and view quiz files, as well as take quizzes.
- Implemented user input handling and file operations to store and retrieve quiz content dynamically.
- It was developed with the use of Python language and in OOP style.

Skills & Interests

Technical Skills: Python, SQL (Basic), R (Basic), HTML, CSS, JavaScript, Object-Oriented Programming, Data Structures & Algorithms

Technologies: Git/Github, VS Code, Canva, AutoCAD (2D), Tkinter

Soft Skills: Communication, Logical Thinking, Attention to Detail, Problem Solving, Trainable, Creative

Language: Filipino, English

Interests: Programming, Data Science, Web & Software Development, AI, UI/UX Design
